NOTE TO PARENTS:

Good discipline originates in the home. Parents are the first teachers of their children, and should develop in them good behavior habits and proper attitudes toward school. A parent should:

1. Recognize that the teacher takes the place of the parent while the child is in school.
2. Teach the child respect for law, authority, the rights of others, and for private and public property.
3. Arrange for prompt and regular school attendance and comply with the attendance rules and procedures.
4. Work with the school in carrying out recommendations made in the best interests of the child, including discipline.
5. Talk with the child about school activities; show an active interest in his report card and progress.

Your interest and support at home are important to your child, and greatly appreciated by his/her teachers.

Annual Public Notice of Special Education Services and Programs
Services for Gifted Students and Services for Protected Handicapped Students

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth, including children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated. This responsibility is required by federal law called the Individuals with Disabilities Education Act Amendments of 2004 (IDEA ’04).

The IDEA ’04 requires each state educational agency to publish a notice to parents, in newspapers or other media, before any major identification, location, or evaluation activity. The IDEA ’04 requires this notice to contain certain information. Another federal law, the Family Educational Rights and Privacy Act of 1974 (FERPA), which protects confidentiality, requires educational agencies to notify parents annually of the confidentiality rights (FERPA regulations have been amended 9 times). Pennsylvania special education regulations require each school district to fulfill the IDEA ’04 notice requirement by providing an annual public notice. To comply with the above requirements, following is the annual public notice for the school districts in the accompanying list.

The school districts in the accompanying list are required by the IDEA ’04 to provide a free appropriate public education to children with disabilities who need special education and related services. (Note: The duty to identify, locate, evaluate and provide special education services to school-age individuals incarcerated in local correctional institutions rests with the school district within whose boundaries such an institution is located.) School age children who need special education and related services are identified as children with disabilities. These students have been identified as being in need of specially designed instruction and have one or more of the following physical or intellectual disabilities:

* Autism
* Emotional Disturbance
* Deafness
* Hearing Impairment
* Specific Learning Disability
* Intellectual Disability
* Multiple Disabilities
* Other Health Impairment
* Orthopedic Impairment Due to Chronic or Acute Health Problems
* Speech and Language Impairment
* Visual Impairment Including Blindness
* Deaf-Blindness
* Traumatic Brain Injury
* Developmental Delay

**Early Intervention**

The IDEA ’04 requires the provision of a free appropriate public education to children with disabilities between 3 years of age and the school district’s age of beginners. In Pennsylvania, a child between 3 years of age and
the school district’s age of beginners who has a developmental delay or one or more of the physical or intellectual disabilities listed above may be identified as an “eligible young child”.

Eligible young children are afforded the rights of school age children with disabilities, including screening, evaluation, individualized education program planning, and provision of appropriate programs and services.

Potential signs of developmental delay and other risk factors that could indicate disabilities and the possibility that a child is an eligible young child could include: By the age of 3: not saying many words; not using 2 or 3 word phrases and sentences; not walking; awkward gait (walking); drooling; not able to answer “who” or “what” questions; not using utensil to feed self; By the age of 4 (all of the above included): not toilet trained; difficulty with directional words (in, on, under, out); not playing with other children; not able to draw a circle, cross or imitate a vertical line; not able to understand the child’s speech most of the time; difficulty following simple two-step directions (pick up the paper and put it in the garbage); By the age of 5 (all of the above included): unable to answer “where” questions; unable to recall details from a story; not drawing a person with at least 6 parts; immature speech patterns (me instead of I); not able to hop forward with one foot without support; Other warning signs- at any age: Little or no eye contact; over/under sensitivities to pain, light, noise; hand flapping; no awareness of space- always bumping into other people or things; awkward hand or foot positioning; won’t touch or eat certain textures; child no longer can do things he/she used to do; developed normally, then stopped; echoes what is said; plays with toys inappropriately (watches wheels spin on the car but doesn’t play with the car).

The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, the Early Intervention Services System Act. The Northern Cambria School District provides programs and services to eligible young children on behalf of the Pennsylvania Department of Education. For more information, contact the District Office at (814) 948-5481.

Screening
The Northern Cambria School District and Intermediate Unit 8 has established and implemented procedures to locate, identify, and evaluate students and young children suspected of being exceptional. These procedures include screening activities which include but are not limited to: review of group-based data (cumulative records, enrollment records, health records, and report cards); hearing screening (at a minimum of kindergarten, special ungraded classes, first, second, third, seventh, and eleventh grades); vision screening (every grade level); motor screening; and speech and language screening. In schools which have a Pre-Referral, Child-Study, Early Intervening or Instructional Support Team, the above screening activities may lead to consideration by the teams to move the next level of screening activities. The Northern Cambria School District and Intermediate Unit 8 has established an annual schedule to conduct screening activities. The screenings are conducted at specific times during the school year in designated school buildings and community sites. Screening may also be conducted in the student’s home school unless other arrangements are necessary. Parent, guardians or surrogate parents may contact the Northern Cambria School District or Intermediate Unit 8 contact person if they wish to learn more, have questions, believe their child may need to be identified or to obtain specific information about the times and locations of screening activities. The contact person for each school district and their phone number is listed at the end of this notice.

Except as indicated above or otherwise announced publicly, screening activities take place in an ongoing fashion throughout the school year. Each educational agency has a system for annually evaluating the effectiveness of its screening process.
**Evaluation**

When screening indicates that a student may be a child with a disability, the school district will seek parental consent to conduct an evaluation. Evaluation means procedures used in the determination of whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual child and do not mean basic tests administered to or procedures used with all children.

This evaluation is conducted by a multidisciplinary team (MDT) that includes the parent and group of qualified professionals. The process must be conducted in accordance with specific timelines and must include protection-in-evaluation procedures. For example, tests and procedures used as part of the evaluation may not be racially or culturally biased.

The evaluation process results in a written evaluation report. This report specifies a student’s eligibility for special education based on the presence of a disability and the need for specially designed instruction. The evaluation report also makes recommendations for educational programming. Once parental consent for evaluation is obtained, the school district has timelines and procedures specified by law which it must follow.

Parents who think their child is exceptional may request that the school district conduct an evaluation. This request should be made in writing to the contact person in the accompanying listing. If a parent makes an oral request for an evaluation, the school district shall provide the parent with a form for that purpose. Pre-Referral, Child-Study, Early Intervening, or Instructional Support Team activities do not serve as a bar to the right of a parent to request, (at any time, including prior to or during the conduct of instructional support activities, an evaluation.)

Parents also have the right to obtain an independent educational evaluation. The school district must provide to parents, on request, information about where an independent educational evaluation may be obtained. Under certain circumstances, such an independent educational evaluation may be obtained at public expense.

**Educational Placement**

The IEP team develops a written education plan called an IEP. The IEP is based on the results of the evaluation. Required members include at least one regular education teacher of the child (if the child is, or may be, participating in the regular education environment), at least one special education teacher, or where appropriate, at least one special education provider, a local educational agency, the child, whenever appropriate, or beginning at age 14. Parents may agree, in writing, to excuse a team member or members.

An IEP describes a student’s current educational levels, goals, objectives (when required), and the individualized programs and services that the student will receive. IEP’s are reviewed on an annual basis. The IEP team will make decisions about the type of services, the level of intervention, and the location of the intervention. Types of services include:

1. Autistic Support
2. Blind and Visually Impaired Support
3. Deaf and Hard of Hearing Support
4. Emotional Support
5. Learning Support
6. Life Skills Support
7. Multiple Disabilities Support
8. Physical Support
9. Speech and Language Support

Level of support options include:
- Itinerant – Special Education supports and services provided by special education personnel for 20% of the school day.
- Supplemental – Special Education supports and services provided by Special Education personnel for more than 20% but less than 80% of the school day.
- Full-time - Special Education supports and services provided by Special Education personnel for 80% or more of the school day.

Placement must be made in the least restrictive environment in which the student’s needs can be met with special education and related services. All students with disabilities must be educated to the maximum extent appropriate with children who are not disabled.

**Services for Protected Handicapped Students**
Students who are eligible to receive special education programs and services may qualify as “protected handicapped” students and therefore be protected by other federal and state laws intended to prevent discrimination. The school district must ensure that “protected handicapped” students have equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for each individual student. In compliance with state and federal law, the school district will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student’s abilities. In order to qualify as a protected handicapped student the child must be of school age with a physical or intellectual disability that substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for “protected handicapped” students may be distinct from those applicable to exceptional or thought-to-be exceptional students. The school district or the parent may initiate an evaluation if they believe a student is a protected handicapped student. For further information on the evaluation procedures and provision of services to protected handicapped students, parents should contact the Special Education Contact in the accompanying listing.

**Confidentiality**
Each school district protects the confidentiality of personally identifiable information in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable federal and state laws, policies, and regulations.

Education records means those records that are directly related to the student, including computer media and videotape, which are maintained by an educational agency or by a party acting for the agency. Educational agency, for purposes of this notice, means the local school district and/or the Intermediate Unit 8. For all students, the educational agency maintains education records that include but are not limited to:
- Personally identifiable information-confidential information that includes, but is not limited to, the student’s name, name of parents and other family members, the address of the student or student’s family, and personal information or personal characteristics which would make the student’s identity easily traceable.
• Directory information—information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the student’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student’s education records. The rights outlined in FERPA include:

1. Parents have the right to inspect and review a child’s education record. The educational agency will comply with a request to inspect and review education records without unnecessary delay and before any meeting regarding an IEP or any due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing, indicating the records the parents wish to inspect, to the school principal or other appropriate school official. Parents have the right to a response from the educational agency to reasonable requests for explanations and interpretations of the records. Parents have the right to request copies of the records. While the educational agency cannot charge a fee to search for or to retrieve information, it may charge a copying fee as long as it does not effectively prevent the parents from exercising their right to inspect and review the records. Parents have the right to appoint a representative to inspect and review the records. Parents have the right to appoint a representative to inspect and review their child’s records. If any education record contains information on more than one child, parents have the right only to inspect and review the information relating to their child.

2. If parents think information in an education record is inaccurate, misleading, or violates the privacy or other rights of their child, they may request amendment of the record. Requests should be in writing and clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. The educational agency will decide whether or not to amend the record and will notify the parents in writing of its decision. If the educational agency refuses to amend a record, it will notify the parents of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parents or student when notified of the right to a hearing.

3. “Destruction” of information means physical destruction or removal of personal identifiers so the information is no longer personally identifiable.

Whenever information is no longer needed to provide educational services to a child or six (6) years after graduation, the information in their education record will be destroyed by the educational agency, if there is not a current request to inspect and review or a request for copies. However, a permanent record of a former student’s name, telephone number, grades, achievement, attendance, classes attended, grade level completed, year completed, Evaluation/Re-evaluation Reports, last three (3) IEP’s, and last Notice of Recommended Educational Placement may be maintained in an electronic form without time limitation.

Information no longer needed to provide educational services must be destroyed if requested by a parent. However, a permanent record of a student’s name, address, phone number, grades, attendance, classes attended, grade level completed, may be maintained in an electronic form without time limitation.
4. The educational agency will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the school personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The educational agency keeps a record of parties obtaining access to education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

5. Parents have the right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. “Consent” means: the parent(s) have been fully informed regarding the activity requiring consent, in their native language or other mode of communication; they understand and agree in writing to the activity; and they understand that consent is voluntary and may be revoked at any time. Information may be disclosed without consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); person or company with whom the educational agency has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Directory information may be released without parent consent unless the parent has exercised their right to opt out of disclosure of directory information. Parents have the right to refuse to let an agency designate any or all of the above information as directory information.

Upon request, the educational agency discloses education records (including disciplinary records) without consent to officials of another school district in which a student seeks or intends to enroll.

6. Parents have a right to file a complaint with the U.S. Department of Education concerning alleged failures by an educational agency to comply with the requirements of FERPA. Complaints may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

7. NDAA of 2002 also requires districts to give military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and provide students’ names, addresses, and telephone listings to military recruiters, when requested, unless a parent has opted out of providing such information.

Mode of Communication
The content of this notice has been written in straightforward, simple language. If a person does not understand any of this notice, he or she should contact the Northern Cambria School District or Intermediate Unit 8 and request an explanation.

The educational agency will arrange for an interpreter for parents with limited English proficiency. If a parent is deaf or blind or has no written language, the educational agency will arrange for communication of this notice in the mode normally used by the parent (e.g., sign language, Braille, or oral communication).

Rights Under the Protection of Pupil Rights Amendment (PPRA)

Parent / Guardian Contact Information
It is the responsibility of the parent/guardian to ensure all contact information is up to date in the high school office. If at any time during the school year a student’s address or phone number should change, please call or write to the office to update these changes.

Custody – Child
1. It is the parent/guardians responsibility to provide Northern Cambria High School with the most current custody order.
2. In the absence of a custody order, the school assumes shared custody, which allows both parents to be involved in their child’s education and has the right to sign the child out at any time during the school day.
3. Both parents, regardless of custody arrangements, have access to their child’s records unless a court order specifically prohibits access.
4. The parent of record is the parent which whom the child resides.
5. The parent of record must reside in the Northern Cambria School District.
6. Enforcement of custody orders is a police responsibility, not one for the school.
7. If there is a court order preventing either parent from having complete access to your child’s education records, you must provide the school with a copy of that court order.

Student Enrollment
No student shall attend Northern Cambria High School on a part-time basis. Any student enrolled will be a full-time student and must carry a full load as described in the curriculum guideline and must follow the prescribed course offerings as dictated for the particular curriculum he or she selects.

Withdrawing From School (208)
A student who withdraws (quits) from school during the school year cannot enter school during the remainder of the school year. The student may only be considered for readmission at the beginning of the school year.

Northern Cambria High School Student Attendance Guidelines (204)
Pennsylvania State Laws require that all students, upon admission to school, must attend regularly until the age of seventeen (17) unless issued a certificate or permit as prescribed by law. Legal excuses as prescribed by law are limited to illness, quarantine, court appearances, death in the family and religious holidays. A letter will be sent to the parent or guardian when the student has accumulated three (3) days of unlawful absences from school. Northern Cambria School District’s policy requires the principals or attendance officer to file charges after six (6) days of unlawful absences once notification has been served to the parent/guardian.

Closed Campus (204)
Northern Cambria High School operates a closed campus policy. Students must stay on the school grounds from the time they arrive, even if the first period has not yet started, until dismissal or until they are picked up by the bus.

Students are expected to attend all classes and study halls. Any student cutting a class or study hall will make up the time in detention. Any offense will result in a 2-hour detention.

The Northern Cambria School District Board of Directors does not sanction a “skip day” of any nature. To comply with state laws, all students are expected to be in attendance at all times according to State law.

If it is necessary for a student to leave school a written request signed by the parent/guardian must be turned into the office upon arrival at school that day. Students must be signed out in the office. If anyone other than the parent/guardian is to sign a student out, this must be indicated on the written request to leave school. Anyone that is signing out a student must bring photo ID. If a student is to be dismissed early and drive themselves from the school premises this must be indicated on the signed request. No student, regardless of age, will be dismissed from school without a written note from their parent/guardian.

Each student returning to school after an absence must bring a written excuse signed by the parent/guardian or a medical provider stating the reason for the absence. If the absence due to illness extends beyond three (3) days, or if attendance is irregular, school officials will require a physician’s statement showing such an absence to be justifiable. If a student does not turn in an excuse within three (3) days after returning to school, the absence will be determined unexcused and/or unlawful.

Students must be in attendance for at least four (4) full periods of the school day to be counted as a ½ day of attendance. In order to assist parents in scheduling necessary, occasional appointments, the student must be present until 2:00 p.m. to be considered a full day of attendance. Dismissals of 2:00 or later cannot exceed five (5) days in a given year. After five 5 occurrences the absences will be considered a ½ day of absence. Should the school nurse dismiss a student, up to three (3) of these dismissals will be considered medically excused. After three (3) occurrences the absences will be considered as parent excused.

Parents must notify the office by 1:00 p.m. to request a change in transportation (bus passes, pickups) at the end of the day.

**Hall Passes**

Students are not permitted in the halls during class periods unless a teacher accompanies them or the student has an authorized hall pass from an authorized staff member. Only authorized hall passes will be accepted. These passes are to be used to go directly to the place stated on the pass and to the floor stated on the pass. Any student who is in a location not authorized by the pass will be disciplined according to discipline structure.

**Tardiness (204)**

Students who arrive after the 7:35 a.m. bell or the scheduled starting time of a class will be considered tardy. Please note that tardiness is an individual responsibility; missing the bus, over-sleeping, completing home chores, breakdown or problems arising from the use of private transportation are not acceptable reasons for lateness or absence. In these cases, excuses written by a parent or legal guardian are required, and approval of these excuses may or may not be granted by the administration.

A student that arrives to school late up to 8:30 a.m. will be considered tardy, unless a doctor’s slip is provided. Students must be in school by 8:30 a.m. to be eligible to practice, try out, or participate in and/or attend extracurricular activities (academic and athletic). Students who arrive to school after 8:30 a.m. without a doctor’s slip must leave the school grounds by 2:50 p.m. and not attend practice, tryouts, or games/contests.
Tardy time is considered unlawful/unexcused and will be accumulated in the following manner:

1. All unlawful days resulting from accumulated tardy time(s) will be treated as an unlawful day with the parent/guardian’s subject to fines following the legal limit. Tardiness will be evaluated weekly and notification will be made regarding minutes and unlawful absences.

2. All tardy occasions will be treated as disciplinary measures and subject to the punishment(s) outlined as follows:
   a. When a student is tardy or late to homeroom three (3) times a warning will be given.
   b. Four (4) – Six (6) times will result in a 1 hr. after school detention
   c. Seven (7) – Nine (9) times will result in a 2 hr. after school detention
   d. Ten (10) and above will result in a Saturday detention

3. Students who arrive to school between 8:31 a.m. and 11:42 a.m. will be considered a ½ day absent. Students who arrive after 11:42 will be considered a full day absent

**Excused Absences**

The following reasons will constitute an excused absence; however, once the student has accumulated fifteen (15) such absences, a doctor’s excuse will be required.

1. A signed note from the parent or guardian attesting to the student’s illness.
2. A prior approved educational trip, not exceeding five (5) school days, limited to one (1) per school year. **This form must be submitted to the Principal’s office five (5) school days before the student’s departure.** Once approved, the student will receive a copy to show each teacher when they will be out. It is the student’s responsibility to acquire any work for that time of absence.

The following constitute legal school absences according to the Pennsylvania School Code and do not count toward the twenty (20) day retention policy:

1. A signed statement from a medical provider
2. Court appearances
3. Death in the family
4. Religious holidays
5. Those other prescribed by law

The following events are legal excuses but will not count against the student’s attendance:

1. College visits, in accordance with Northern Cambria’s policy as developed through the guidance department.
2. Armed service testing/physicals, in accordance with Northern Cambria’s policy as developed through the guidance department.
3. Job Shadow
4. School sponsored field trips
5. Funeral/Death in the Family
6. Court hearings
7. Religious Holidays

To participate in extracurricular activities, dances, and senior trip a student must provide a medical slip for any and all absences after 8:30 a.m. including early dismissals and must be present for at least four (4) full class periods. For the purpose of Saturday dances and the senior trip this attendance requirement would apply to the day before the senior trip and the day before the dance. The only exceptions to this rule are those excused absences listed above that do not count against the student’s attendance.
Unlawful/Unexcused Absences
Students who fail to provide proper documentation to the school office within three (3) days of returning to school after an absence will be marked as unlawful (students under the age of 18) or unexcused (students 18 and older). Students whose absences are unexcused or illegal may NOT be permitted to make up work for credit. Unlawful absences will be reported to the appropriate authorities as required by the Compulsory Attendance law.

Please be aware of the current compulsory attendance / truancy laws:
Act 29 extensively revises penalties for truancy. The act increases the fine to $300.00 placed on parents for truancy and requires parents to pay court costs or be sentenced to complete a parenting education program. Under Act 29 both the truant child and the parent must appear at a hearing by the district justice. In addition, Act 29 removes from truant juveniles their vehicle operating privileges for 90 days for a first offense and six (6) months for a second, while juveniles who are unlicensed are prohibited from applying for a learner’s permit for ninety (90) days (first offense) and six (6) months (second offense), commencing upon their sixteenth birthday. Pennsylvania law has changed and students age 6 to 18 are required to attend school.

When a child is truant three (3) or more unexcused days the law requires the following:
1. A notice be sent home within 10 days
2. An attendance improvement conference be held with the parent and student
Charges will be filed with the local magistrate when a child accumulates six (6) or more unexcused days.

Absence Monitoring System
The purpose to step by step attendance regulations is to ensure student attendance and increase communication between Northern Cambria and the student’s home. In order to ensure consistency throughout the district, Northern Cambria has designed the following student attendance policy:

1. For eight (8) to ten (10) days of absence, a letter will be sent to the student’s parent/guardian informing them of the number of days the student has been absent. The principal or dean of students will meet with the student regarding attendance.
2. On the fifteenth (15th) day of absence a letter will be sent to the parent/guardian informing them that the maximum number of absence days has been reached and that a medical slip will be required for each absence for the remainder of the school year. At this time, a Truancy Elimination Plan will be developed with the student, parent/guardian, guidance counselor and principal in an attempt to avoid any further absences. Students who do not comply with this policy will be subject to an administrative review of their participation in extracurricular activities and may be suspended from all activities. If it has been determined that within the fifteen (15) days there are legitimate reasons for the absences, a letter placing the student on medical slips will not be sent. (Legitimate reasons are medical slips of five (5) or more consecutive days with prior notification to the school when possible.) if there are no exceptions, a letter will be sent placing the student on medical slips for the remainder of the year.
3. On the twentieth (20th) day of absence without medical slips the student will be required to repeat all the subjects taken that year.

Make-Up Work
Any student who has been absent from school due to illness will be granted the privilege of making up work missed. It is the student’s responsibility however; to approach all of his/her teachers on the first day he/she returns to school and make arrangements to meet with the teacher at the teacher’s convenience to complete
the work missed. Students will be granted the same number of school days in which were missed to make up the work. All requests for homework must be made to the high school office by phone prior to 9:00 a.m. In addition, all assignments are posted to the Google Classroom. Students whose absences are unexcused or illegal may NOT be permitted to make up work for credit.

**Academic Integrity**
Northern Cambria High School places a high standard on integrity of our school community. Disregard for cheating, copying, plagiarism, etc. on school work will not be tolerated and the student body is expected to encourage fellow classmates to follow this same standard.

Students in the class of 2019-2020 must score proficient on Keystone Exams or a Project Based Assessment to fulfill all graduation requirements. Project Based Assessments are module specific (Bio, Lit., Alg. 1) assessments that are required of students who do not score proficient on the Keystone Exams. The activities/tasks are framed around the Eligible Content of the specific Keystone Exam module. PBAs are designed as a set of activities a student completes independently of classroom instruction in order to demonstrate proficiency in the content area and meet state graduation requirements.

Physical education is required unless excused by written request of the family physician.

Our health curriculum includes information about the disease AIDS. School districts in Pennsylvania are required by the State Board of Education to provide instruction about Acquired Immune Deficiency Syndrome (AIDS). The instruction must include:
1. Information about the nature of the disease
2. The lack of a cure
3. The ways the disease is transmitted
4. How the infection can be prevented

If you wish to see a copy of the State Code, or to review the instructional materials, please contact the school. A student may be excused from instruction about AIDS if the student’s parent or legal guardian furnishes a written request.
All students in study hall(s) must have academic goals to occupy themselves for study purposes. Students will be evaluated on individual progress goals. Teachers may issue passes to the office and/or lavatories in emergency cases. Students may report to another teacher once they report to the study hall with a pass from that teacher. If the student is to remain with the teacher all period, this is to be indicated on the pass.

**Failing a Subject and Credit Recovery**
Parents of all students, and particularly seniors, should be aware that on occasion it is not known whether a student will pass or fail for the year until the last few days of the school year. The reason is that the student’s fourth nine (9) weeks grade and final exam grade are needed to determine if the student passes or fails. A student who has failed a subject may take the course over by:

1. Taking correspondence course (with guidance approval)
2. Attending summer school in a community which offers such courses with the approval of the guidance counselor or principal

No summer school credit will be accepted unless the student has maintained a final average of 57% - 64% in the regular classroom.

No credit will be accepted after the start of a new school year and no students will be permitted to take a course for high school credit during his/her term of enrollment during the school year.

Please note, no student will be removed from or transferred to another class due to a failing grade.

Northern Cambria may grant credit for approved subjects completed by students who have failed courses during the school year by successful participation in Credit Recovery School. Note that these opportunities are for credit recovery only and, therefore, will be graded on a Pass/Fail basis, without grade point average significance. Both the failed course and the credit recovery course will appear on the student’s transcript. The cost and guidelines for Credit Recovery School will be the responsibility of the participating student. Please contact the guidance office for more information.

**Textbooks (108)**
Textbooks are on loan to pupils. Until the book is returned to the instructor, the pupil is responsible for it. If the book is lost or damaged, the pupil must cover the cost of the texts. Report cards will be held until the textbook is found or payment is made.

Teachers will determine the cost of lost and/or damaged books. Payments may be made to the office by the student. The cost of the books will be determined as follows:

1. 1st year of use – full list price
2. 2nd year of use- list price less 10%
3. 3rd year of use – list price less 20%
4. 4th year of use – list price less 30%
5. 5th year of use – list price less 40%

**Parent Conferences**
Parents may make appointments for conferences with teachers, counselors, or the principal by telephoning the high school office. Regular parent conference days are scheduled through the year according to the school calendar. These dates can be found on the Northern Cambria School District website.
Lockers
Students are assigned to one locker in the building and are not to use other lockers. Lockers are checked periodically and at the end of the year for damages. The assigned student is responsible for any and all damage to their locker. Any damage that occurs during the year is to be reported immediately to the office. It is the student’s responsibility to keep lockers locked at all times. Jamming of lockers is not permitted. Each student is responsible for the contents of his/her locker. The school is not responsible for stolen articles. Students who tamper with the locks will be held responsible for damages. Students are asked to keep lockers neat and clean. All lockers are subject to periodic unannounced searches and probable cause searches throughout the school year.

NORTHERN CAMBRIA SCHOOL DISTRICT HOMEWORK POLICY
(Adopted, April 9, 1985)

3. The parent, for providing the work area, times, and conditions necessary for the student to complete the assignments.

DEFINITION OF HOMEWORK (130)
Homework is a continuation of a learning process, planned by the teacher, to be completed by the student outside the classroom.

OBJECTIVES OF HOMEWORK (130)

Open Campus Finals
Students at Northern Cambria High School have Open Campus Finals. Open Campus Finals operate on a year-to-year basis. Students may arrive in time for that final and leave at the end of that class period.

Ground rules governing finals:
1. All teachers are to give their final to their classes as scheduled, except if arrangements are made through the office.
2. The building principal will post the schedule on the district website.
3. Any student who is absent from a scheduled final will fail the final unless they have a medical slip or legal excuse submitted on or before the final make-up day. Parents are advised that educational trips and/or vacations are not legal excuses for the rescheduling of finals.
4. All students must sign in at the main entrance when coming into the building for finals and must sign out at the main entrance when leaving the building.

6. All students are to exit school property or report to study hall in the cafeteria

**Homebound Study/Instruction**
In all cases of extended illness (more than 10 days of illness), homebound instruction may be requested through the Office of the Superintendent. Parent/guardians must obtain a form for homebound instruction from the Office of the Superintendent before going to the physician concerning the ill child. HOMEBOUND REQUESTS MUST BE RENEWED EVERY THREE (3) MONTHS BY THE PHYSICIAN. Please allow the administration some time to make these homebound arrangements, especially in regard to obtaining teachers and materials for the child. If a student is not available for scheduled instruction time, absent days can accumulate. If a student with disabilities requests Homebound Study for a temporary medical situation, the Director of Special Education should be promptly notified as the IEP Team is responsible to reconvene to evaluate the provision of special education support services during the students’ recovery. In rare cases, should homebound instruction extend beyond 3 months, approval must be granted by the Pennsylvania Department of Education.

Whenever possible, the School Notification System will be used to call the home/parent to inform them of delays, closings, early dismissals, or other emergencies that impact the school day. Special announcements and emergency information will be delivered using the school messenger system. It is imperative that contact information is kept up to date in the high school office for this reason. Every teacher, assistant principal, dean of students and principal in the public school shall have the right to
exercise the same authority as to conduct and behavior over the pupils attending his school, during the time they are in attendance, including the time required in going to and from their homes, as the parents, guardians, or persons in parental relation to such pupils may exercise over them. (Public School Code, Section 1317, amended July 25, 1963, P. 7. Regular attendance is important. A student may be returned to the home school because of poor attendance.
8. Grades are important. Failing courses at the home school could result in being ineligible to attend Vo-Tech the following year or acquiring enough credits to graduate.
9. The Northern Cambria School District and its administration realize the need of our Vo-Tech students to obtain a quality education at Vo-Tech while maintaining socialization with their peers at Northern Cambria. It is to this end that assemblies will be planned as much as possible both in the morning and afternoon and Vo-Tech students will remain at the home school for no more than three (3) assemblies per school year.
10. Disciplinary response for behavior problems at Vo-Tech and on the bus will be handled through the regular Discipline Structure and points will be assigned.

They are to immediately get into line for lunch or forfeit their place in line. No food, drink, or containers are to be transported from the cafeteria or from home onto any bus.

The Cafeteria
The cafeteria is an integral part of the educational program. Students are not to leave the building because of illness without authorization. In the event of illness or accident, school personnel will give emergency care only. Parents are responsible for any additional care needed. Any student who uses their cell phone to call or text home without permission from the school nurse will be marked unexcused.

**Accidents**

Every accident in the school building, on the school grounds, at practice sessions, or at any event sponsored by the school must be reported immediately to the person in charge, then to the school nurse.

**Special Health Problems**

Students with health problems are to report to the school nurse at the beginning of the school term or when such problem arises. Special problems include vision, hearing, diabetes, epilepsy, rheumatic fever, recent surgery, medication or anything that might limit students at school.

**Prescription Drugs**

Medication may be taken by students during the school day and must be administered through the health office. Whenever possible, medication should be given to students before or after school. All prescription medication sent to school must be in the original pharmacy bottle with a prescription label on it. Ask your pharmacist for a second bottle that is properly labeled. Any over the counter medication that may be required during the school day must be in the original container and clearly labeled. A one-week supply may be kept in the nurse’s office. All medication should be kept in the Health Office. No medication, including Tylenol or aspirin is to be kept in a student’s possession or locker. Non-prescription medication, supplied by the school, will be administered during school hours, if necessary, but only those checked off on the Emergency Card that has been signed and dated by the parent or guardian. Each signed permission form is good for one year.
The following medication policy was adopted by the Northern Cambria School Board:

For the health and safety of your child, a policy governing the administration of medication to pupils during school hours has been adopted. Ideally, all medication should be given at home. However, it is also recognized that many students are able to attend school because of the effectiveness of the medication in the treatment of their condition.

Any student who is required to take medication during regular school hours must comply with the following guidelines:

1. For those students on temporary medication such as antibiotics, etc. or long-term medication, such as asthma inhalers, etc. the parents and students must comply with the following:
   A. Completion of the Consent Form for Prescription Medication by parent/guardian and physician. The form should be completed and accompany the medication before it will be administered by authorized personnel.
   B. All medication must be in the original prescription bottle with current date and name of the student on the bottle. Please ask your pharmacist to make up a second bottle with the prescription label attached so it may be kept at school. (A one-week supply of medicine may be kept in the nurse’s office). A refrigerator is available if needed.
   C. All medication must be brought to the nurse’s office or main office. No medication is to be kept in the student’s possession or locker

2. The administration of non-prescription medication is discouraged and can be avoided by adjusting the time schedule around school hours. If however, you child must receive this medication at school, such as cough syrup, a form (green) can be obtained from the nurse’s office. The form must be completed and accompany the medication before it will be administered by authorized personnel. The school nurse has the right to call your physician if there are questions. All medication must be sent in the original container and be clearly labeled. Medication sent to school in envelopes or bags will not be accepted.

3. Self-administration of medication:
   A. Act 187, signed into law December 2004, permits school children with a physician’s diagnosis of asthma, medication orders, parental permission and who demonstrate responsible behavior to carry and self-administer their medication via an asthma inhaler. The student is responsible for notifying the school nurse immediately following each emergency use of an asthma inhaler. Northern Cambria School District nor its school employees bears responsibility for the benefits or consequences of the prescribed medication when it is parent-authorized and acknowledges that the school entity bears no responsibility for ensuring that the medications are taken.
   B. Act 195, signed into law October 31, 2014, permits students who have a physician’s diagnosis of a life-threatening allergy to food, insects, latex, medication or other triggers, parent permission and who demonstrate responsible behavior to carry their Epinephrine Auto-injector with them. In the event that the student cannot administer the Epinephrine Auto-injector the school nurse or trained school employee will administer the emergency medication. School-stocked epinephrine will be used when anaphylaxis occurs for the first time in a student or if the known student does not have their emergency medication with them. Parents and physician are required to complete the Consent Form for Prescription Medication. Forms are available in the Health Office. If you have any questions, please call the school nurse at (814) 948-6880 ext. 1626.

**Student Insurance**

High school students are offered low cost accident insurance as a school service. Neither the school nor anyone connected with the school profits in any way from the plan. The school merely acts as a medium in supplying
the insurance and assumes no liability, either for the injury or the subsequent negotiations with the company. Whenever a student is injured while under the supervision of a member of the high school staff, the faculty member will file an accident report with the school nurse. If the student has taken a student accident insurance policy, the school nurse will then give the student a claim form which is to be submitted to the insurance company.

**Assemblies**
Assemblies are regularly scheduled part of the curriculum and are designed to be educational as well as entertaining experiences. They provide opportunities in school to learn formal audience behavior. Regardless of the type of program, courtesy demands that the student body be respectful and appreciative. In live entertainment, unlike radio, television or movies, the performers are very conscious of their audiences. Talking, whispering, stamping of feet and booping are discourteous. Yelling is appropriate only at pep assemblies. Students will not be excused from assemblies to go home unless an emergency condition exists.

Guidelines for assemblies is as follows:
1. Proceed to the assembly area quietly and promptly. Students must sit in their assigned sections.
2. When the chairman of the assembly asks for your attention, give it to him or her immediately.
3. Be courteous to the performers and to your neighbors. Don’t use an interval of applause or the short time between numbers to start conversations.
4. Applaud in keeping with the occasion. Applause should be generous and courteous.

Failure to abide by these rules will result in the loss of the privilege of attendance at assemblies.

The District reserves the right through its administration to inspect any and all book bags and/or purses

**BAGS AND EQUIPMENT**
Bags are to be left in the designated area as assigned by the Athletic Director and not in teacher classrooms. Do Not leave valuables in bags. Every effort will be made to secure items, but the school cannot be held liable for lost or stolen merchandise.

**DISPLAYS OF AFFECTION**
Affection between two people is basically a matter that should be reserved for moments of privacy. The public school is neither the time nor the place for displays of affection. Teachers will make referrals on all displays of affection. The action taken on the referrals will be according to the Discipline Code.

**ARTICLES PROHIBITED IN SCHOOL**
Problems arise each year because students bring articles, which interfere with school procedures. Any article that interferes with the educational process will not be permitted.

The officer will be available in each building and will be responsible for school safety both during the school day and at after school events. (a) The governing board has the authority to make reasonable and necessary rules governing the conduct of students in school. The rulemaking power, however, is not unlimited; it must operate within statutory and constitutional restraints. A governing board has only those powers that are enumerated in the statutes of the Commonwealth, or that may reasonably be implied or necessary for the orderly operation of the school.

(b) Governing boards may not make rules that are arbitrary, capricious, discriminatory or outside their grant of authority from the General Assembly. A rule is generally considered reasonable if it uses a rational means of accomplishing some legitimate school purpose.

(c) Each governing board shall adopt a code of student conduct that includes policies governing student discipline and a listing of students’ rights and responsibilities as outlined in this chapter. This conduct code shall be published and distributed to students and parents or guardians. Copies of the code shall also be available in each school library.

Notes of Decisions
Scope of Authority
The board of school directors exceeded its authority in adopting its “zero tolerance policy,” where the policy failed to provide the superintendent with discretion to recommend a modification to the policy’s 1-year expulsion requirement for possession of a weapon. Lyons v. Penn Hills School District, 723 A.2d 1073 (Pa. Cmwlth. 1999); appeal denied 740 A.2d 235 (Pa. 1999).

Sufficient Notice
The District’s distribution of its drug and alcohol policy in the student handbook provided to all students—of which Appellant student acknowledged seeing—satisfied any legal requirement as to notice of the District’s policy. T. S. v. Penn Manor School District, 798 A.2d 837 (Pa Cmwlth. 2002); appeal denied 812 A.2d 1232 (Pa. 2002).

§ 12.4. Discrimination
Consistent with the Pennsylvania Human Relations Act (43 P. S. §§ 951—963), a student may not be denied access to a free and full public education, nor may a student be subject to disciplinary action on account of race, sex, color, religion, sexual orientation, national origin or disability.

(315952) No. 375 Feb. 06 2006 Commonwealth of Pennsylvania
§ 12.5 Corporal punishment
(a) Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.
(b) Teachers and school authorities may use reasonable force under the following circumstances:
   (1) To quell a disturbance.
   (2) To obtain possession of weapons or other dangerous objects.
   (3) For the purpose of self-defense.
   (4) For the protection of persons or property.

§ 12.6 Exclusions from school
(a) The governing board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain students with disabilities shall be governed by § 14.143 (relating to disciplinary placements) and 34 CFR 300.519-300.529 (relating to discipline procedures).
(b) Exclusion from school may take the form of suspension or expulsion.
   (1) Suspension is exclusion from school for a period of from 1 to 10 consecutive school days.
   (i) Suspensions may be given by the principal or person in charge of the public school.
clear that the health, safety or welfare of the school community is threatened.

(iii) The parents or guardians and the superintendent of the district shall be notified immediately in writing when the student is suspended.

(iv) When the suspension exceeds 3 school days, the student and parent shall be given the opportunity for an informal hearing consistent with the requirements in § 12.8(c) (relating to hearings).

(v) Suspensions may not be made to run consecutively beyond the 10 school day period.

(vi) Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the governing board.

(2) Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing under § 12.8.

(c) During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except as set forth in subsection (d).

(d) If it is determined after an informal hearing that a student’s presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(e) Students who are under 17 years of age are still subject to the compulsory school attendance law even though expelled and shall be provided an education.

(1) The initial responsibility for providing the required education rests with the student’s parents or guardian, through placement in another school, tutorial or correspondence study, or another educational program approved by the district’s superintendent.

(2) Within 30 days of action by the governing board, the parents or guardians shall submit to the school district written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within 10 days of receipt of the notification, make provision for the student’s education. A student with a disability shall be provided educational services as required by the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

Notes of Decisions

Alternative Instruction
Local school officials may determine the amount and type of alternative instruction necessary and appropriate in each case involving an expelled student. Abremski v. Southeastern School District, 421 A.2d 485 (Pa. Cmwlth. 1980).

Appeal; No Expulsion
Where the discipline imposed upon the student was three 15-minute after-school detention sessions, the student has no right to a hearing or appeal, as there is no such recourse provided by the regulations. Schmader v. Warren County School District, 808 A.2d 596 (Pa. Cmwlth. 2002); appeal denied 820 A.2d 163 (Pa. 2003).

There is no provision in the regulations for an appeal of a school board decision to suspend a student for 10 days or less. In re Appeal of JAD, 782 A.2d 1069 (Pa. Cmwlth. 2001); appeal denied at 796 A.2d 987 (Pa. 2002).

Due Process Required
Expulsion is exclusion from school for a period of more than 10 days. Due process requires that a student subject to expulsion be afforded a hearing. In re Appeal of JAD, 782 A.2d 1069 (Pa. Cmwlth. 2001).

Where student was expelled from school for approximately 30 days, due process required that the student be given a formal hearing. Oravetz v. West Allegheny School District, 74 Pa. D. & C.2d 733 (1975).

Expulsion Appropriate
None of the provisions of this section relating to expulsions provide that an expulsion decision, otherwise proper, cannot stand if the expelled student was also suspended for the same offense, and if the period of suspension exceeded the regulatory maximum, due to the failure, for undisclosed reasons, of a student to return to school for a three-day period following a suspension, Porter v. Board of School Directors of Clairton School District, 445 A.2d 1386 (Pa. Cmwlth. 1982).

(336405) No. 408 Nov. 08

22 § 12.7

In General
Regulations governing the types of offenses that would lead to exclusion from school may be published by individual schools rather than by the Board of Education itself. Figueroa v. Thompson, 1 Pa. D. & C.3d 266 (1975).

When the legislature did not delegate power over student conduct and discipline to the State Board of Education, the Board’s regulations pertaining to such matters were invalid and unenforceable. Howard H. v. Wentzel, 372 A.2d 30 (Pa. Cmwlth. 1977).

Procedural Violations
Where defendant school district summarily suspended plaintiffs for a period in excess of 3 days and failed to follow notice and hearing procedures, those portions of the suspension served before proper notice and hearing were expunged from plaintiffs’ records. Mullane v. Wyalusing Area School District, 30 D. & C.4th 179 (1997).
School Board Review
This regulation clearly provides that the decision to suspend a student for no more than 10 days is within the power of the principal. Thus, although the school board agreed to consider the issue of the students’ suspensions, that special meeting was nothing more than a gratuitous gesture to the students and their parents. The board’s acquiescence to hold the meeting was purely voluntary, and its affirmation of the principal’s decision had no legal consequence. Burns v. Hitchcock, 683 A.2d 1322 (Pa. Cmwlth. 1996).

Smoking
School regulations which restricted student smoker’s use of restrooms were not unconstitutional where they were not arbitrary, unreasonable or capricious. Figueroa v. Thompson, 1 Pa. D. & C.3d 266 (1975).

(a) A student may not receive an in-school suspension unless the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the suspension becomes effective.
(b) Communication to the parents or guardian shall follow the suspension action taken by the school.
(c) When the in-school suspension exceeds 10 consecutive school days, an informal hearing with the principal shall be offered to the student and the student’s parent or guardian prior to the 11th school day in accordance with the procedures in § 12.8 (relating to hearings).

§ 12.8. Hearings
(a) General. Education is a statutory right, and students shall be afforded due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.
(b) Formal hearings. A formal hearing is required in all expulsion actions. This hearing may be held before the governing board or an authorized committee of the board, or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire governing board is required to expel a student. The following due process requirements shall be observed with regard to the formal hearing:
    (1) Notification of the charges shall be sent to the student’s parents or guardians by certified mail.
    (2) At least 3 days’ notice of the time and place of the hearing shall be given. A copy of the
expulsion policy, notice that legal counsel may represent the student and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.

(3) The hearing shall be held in private unless the student or parent requests a public hearing.

(4) The student may be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian attend the hearing.

(5) The student has the right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.

(6) The student has the right to request that the witnesses appear in person and answer questions or be cross-examined.

(7) The student has the right to testify and present witnesses on his own behalf.

(8) A written or audio record shall be kept of the hearing. The student is entitled, at the student’s expense, to a copy. A copy shall be provided at no cost to a student who is indigent.

(9) The proceeding shall be held within 15 school days of the notification of charges, unless mutually agreed to by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible:

(i) Laboratory reports are needed from law enforcement agencies.

(322331) No. 384 Nov. 06

22 § 12.8

(ii) Evaluations or other court or administrative proceedings are pending due to a student invoking his rights under the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

(iii) In cases in juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to the condition or best interests of the victim.

(10) Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

(c) Informal hearings. The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended.

(1) The informal hearing is held to bring forth all relevant information regarding the event for which the student may be suspended and for students, their parents or guardians and school officials to discuss ways by which future offenses might be avoided.

(2) The following due process requirements shall be observed in regard to the informal hearing:

(i) Notification of the reasons for the suspension shall be given in writing to the parents or guardians and to the student.

(ii) Sufficient notice of the time and place of the informal hearing shall be given.

(iii) A student has the right to question any witnesses present at the hearing.

(iv) A student has the right to speak and produce witnesses on his own behalf.

(v) The school entity shall offer to hold the informal hearing within the first 5 days of the suspension.

Notes of Decisions

Appeal

Decision of school district hearing officer to transfer student to alternative school for disruptive students following informal hearing after student was suspended was not appealable local agency adjudication. Tyson v. School District of Philadelphia, 900 A.2d 990, 992 (Pa. Cmwlth. 2006). Since the discipline imposed was not expulsion, but rather more school, that is, 15 minutes of after-school detention for 3 days, there is no provision for appeal of that decision. Schmader v. Warren County School District, 808 A.2d 596 (Pa. Cmwlth. 2001); appeal denied 820 A.2d 163 (Pa. 2003).

(322332) No. 384 Nov. 06
2006 Commonwealth of Pennsylvania

22 § 12.9
A student subject to expulsion has the right to seek recourse in the appropriate court of the Commonwealth. In re Appeal of JAD, 782 A.2d 1069 (Pa. Cmwlth. 2001).

Due Process

Informal hearing process, following public school student’s disciplinary suspension, was all process that was due to student; student was not expelled from school district and bringing the full process of judicial system within public school would overburden both the public school system and the courts. Tyson v. School District of Philadelphia, 900 A.2d 990, 992 (Pa. Cmwlth. 2006). Where the school board conducted a hearing at which the District’s witnesses testified, and the student was represented by counsel who was given full opportunity to cross-examine the District’s witnesses, that proceeding provided sufficient discovery to satisfy the requirements of § 12.8(b)(1)(i)—(ix). J.S. v. Bethlehem Area School District, 794 A.2d 936 (Pa. Cmwlth. 2002); appeal denied 818 A.2d 506 (Pa. 2003). Identical letters sent to a student and his parents, which provided that the recommendation for expulsion was related to two incidents and specifically enumerated the facts surrounding the underlying incidents, complied with due process requirements, where the letters specifically enumerated the charges the school board was considering against the student. Hamilton v. Unionville-Chadds Ford School, 714 A.2d 1012 (Pa. 1998).

Due process requirements must be observed in school hearings. Failure to notify the student of all charges pending against such student violates due process and a new hearing must be granted. Yatron by Yatron v. Hamburg Area School District, 631 A.2d 758 (Pa. Cmwlth. 1993); appeal denied 647 A.2d 906 (Pa. 1994).

Notice

Although parents were orally notified of hearing regarding son’s suspension beyond 3 days, the additional 4 day suspension decided upon after the hearing was invalid because the school failed to give the parents written notice of the reasons for suspension, as required by subsection (c)(2)(i). Mifflin County School District v. Stewart, 503 A.2d 1012 (Pa. Cmwlth. 1986).

When the parent of a student received notice of a disciplinary hearing approximately 24 hours before the hearing was scheduled to commence, such notice was inadequate. Minnicks v. McKeesport Area School District, 74 Pa. D. & C.2d 744 (1975).

Procedural Violations

Where defendant school district summarily suspended plaintiffs for a period in excess of 3 days and failed to follow notice and hearing procedures, those portions of the suspension served before proper notice and
hearing were expunged from plaintiffs’ records. Mullane v. Wyalusing Area School District, 30 D. & C.4th 179 (1997).

§ 12.9. Freedom of expression
(a) The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth.
(b) Students shall have the right to express themselves unless the expression materially and substantially interferes with the educational process, threatens serious harm to the school or community, encourages unlawful activity or interferes with another individual’s rights.

22 § 12.9
(c) Students may use publications, handbills, announcements, assemblies, group meetings, buttons, armbands and any other means of common communication, provided that the use of public school communications facilities shall be in accordance with the regulations of the authority in charge of those facilities.

1 Students have the responsibility to obey laws governing libel and obscenity and to be aware of the full meaning of their expression.
2 Students have the responsibility to be aware of the feelings and opinions of others and to give others a fair opportunity to express their views.
(d) Identification of the individual student or at least one responsible person in a student group may be required on posted or distributed materials.
(e) School officials may require students to submit for prior approval a copy of materials to be displayed, posted or distributed on school property.
(f) Bulletin boards must conform to the following:
1 School authorities may restrict the use of certain bulletin boards.
2 Bulletin board space should be provided for the use of students and student organizations.
3 School officials may require that notices or other communications be officially dated before posting, and that the materials be removed after a prescribed reasonable time to assure full access to the bulletin boards.
(g) School newspapers and publications must conform to the following:
1 Students have a right and are as free as editors of other newspapers to report the news and to editorialize within the provisions in paragraphs (4) and (5).
2 School officials shall supervise student newspapers published with school equipment, remove obscene or libelous material and edit other material that would cause a substantial disruption or interference with school activities.
3 School officials may not censor or restrict material simply because it is critical of the school or its administration.
4 Prior approval procedures regarding copy for school newspapers must identify the individual to whom the material is to be submitted and establish a limitation on the time required to make a decision. If the prescribed time for approval elapses without a decision, the material shall be considered authorized for distribution.
5 Students who are not members of the newspaper staff shall have access to its pages. Written
criteria for submission of material by nonstaff members shall be developed and distributed to all students.

(h) The wearing of buttons, badges or armbands shall be permitted as another form of expression within the restrictions listed in subsection (c).

Notes of Decisions
Clearly Established
Because of the procedural scheme promulgated by the school district, it is not “clearly established” that the plaintiff had a First Amendment right to circulate a petition. Walker-Serrano v. Leonard, 168 F. Supp. 2d 332 (M.D. Pa. 2001); judgment affirmed 325 F.3d 912 (3rd Cir. Pa. 2003).

§ 12.10. Flag Salute and the Pledge of Allegiance
It is the responsibility of every citizen to show proper respect for his country and its flag.

(1) Students may decline to recite the Pledge of Allegiance and may refrain from saluting the Flag on the basis of personal belief or religious convictions.

(2) Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate.

§ 12.11. Hair and dress.

(a) The governing board may establish dress codes or require that students wear school uniforms. Policies may apply to individual school buildings or to all school buildings.

(b) Students have the right to govern the length or style of their hair, including facial hair. Any limitation of this right must include evidence that length or style of hair causes disruption of the educational process or constitutes a health or safety hazard. When length or style of the hair presents a health or safety hazard, some types of covering shall be used.
22 § 12.12
(c) Students may be required to wear certain types of clothing while participating in physical education classes, shops, extracurricular activities or other situations when special attire may be required to insure the health or safety of the student.
(d) Students have the responsibility to keep themselves, their clothes and their hair clean. School officials may impose limitations on student participation in the regular instructional program when there is evidence that the lack of cleanliness constitutes a health hazard.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Corporal punishment — A form of physical discipline that is intended to cause pain and fear and in which a student is spanked, paddled or hit on any part of the body with a hand or instrument.

Governing board — The board of school directors of a school district, joint school committee of a joint school or joint vocational school, intermediate unit board of directors, or the board of trustees of a charter school or cyber-charter school.

Prekindergarten — A program operated by a school district or by a community agency under contract from a school district that is open to children who are at least 3 years of age and completed prior to the school district’s entry age for kindergarten, unless individual exceptions to the age requirements are made by the school district.

22 § 12.31
School entity — A local public education provider (for example — public school, charter school, cyber-charter school, area vocational-technical school or intermediate unit).

Student assistance program — A systematic process designed to assist school personnel to identify issues, including alcohol, drugs and others, which pose a barrier to a student’s learning and school success. Student assistance is a systematic process using effective and accountable professional techniques to mobilize school resources to remove the barriers to learning, and, when the problem is beyond the
scope of the school, to assist the parent and the student with information so they may access services within the community.

**Student services**—Services designed by a school entity to support the instructional program and to help students attain their educational and career goals.

(i) Services may include school guidance counseling, health services (under Article XIV of the Public School Code of 1949 (24 P. S. §§ 141401—14-1423) and 28 Pa. Code Chapter 23 (relating to school health)), psychological services, social work and home and school visitor services.
